Response to Office Action Summary

Inventor/Applicant Name: **Teresa Yvette Watts**

Application No: **10/790,407**

Examiner: **Todd Manahan**

Art Unit No: **3732**

To whom it may concern,

I am an independent inventor and I responded to an office action regarding my claims in September 2005. I called to the USPTO and was advised by Mrs. Sheila Green (*who has been a great help to me*) to resubmit my claims, along with a request and the necessary fee for **An Extension of Time**. Upon submitting the request I inadvertently sent in an **RCE** form.

Please disregard the RCE form, as it was sent in by mistake.

Also, I have had problems receiving timely information from the USPTO, therefore I am also requesting that my contact address be changed from the present {P.O. Box 91702} to the following home address.

**Teresa Watts
10150 Voyager Circle
Anchorage AK, 99515**

Thank you in advance for your response to my requests.
